

Step-Through Electric Bicycle with Rear Rack

This step-through electric bicycle is designed for urban commuting and recreational riding. It features a yellow frame, front and rear reflectors, a rear rack, and a battery pack mounted on the frame.

Overview

Versatile Urban Commuter

This step-through electric bicycle is engineered for convenience and comfort in urban environments. Featuring a low-step frame design, it ensures easy mounting and dismounting for riders of all abilities. Equipped with a practical rear rack and a frame-mounted battery, this bike is an ideal solution for daily commuting and recreational city riding.
