

Step-Through Electric Folding Bicycle

This electric folding bicycle features a step-through frame for easy mounting and dismounting. It is equipped with front and rear fenders, a rear rack with battery, and integrated lights for urban commuting.

Overview

Urban Commuting Solution

This step-through electric folding bicycle is engineered for convenience and comfort in urban environments. Featuring a versatile folding frame, it is ideal for commuters who need to combine cycling with public transport or storage in tight spaces. With integrated lighting, suspension, and a rear rack, it offers a complete, ready-to-ride package for daily travel.
