

Step-Through Frame City Bicycle

This step-through bicycle is designed for urban environments and recreational use. It features a step-through frame, fenders, rear rack and integrated braking system.

Overview

Urban Commuter Design

This step-through frame city bicycle is engineered for effortless urban mobility and comfortable daily commuting. Featuring a distinctive red frame, it combines practical utility with a classic aesthetic suitable for recreational or city use. The design prioritizes accessibility and ease of mounting, making it an ideal choice for riders seeking a reliable and stylish transportation solution.
