

Step-Through Frame Electric Bicycle

This electric bicycle is designed with a step-through frame for easy mounting and dismounting. It includes a rear-mounted battery pack to provide power assistance.

Overview

Urban Mobility Solution

This electric bicycle features a convenient step-through frame design, allowing for effortless mounting and dismounting, which is ideal for urban commuting and recreational use. The bike combines classic bicycle aesthetics with modern electric propulsion, utilizing a rear-mounted battery pack to assist the rider. Equipped with practical features like front and rear fenders and a rear cargo rack, it offers both comfort and utility for daily transportation.
