

Step-Through Frame Electric Bicycle with Basket and Rack

This electric bicycle features a step-through frame, front basket, and rear rack for convenient urban transport. It is equipped with an electric motor in the rear wheel and a centrally mounted battery pack.

Product Overview

Urban Mobility Solution

This step-through electric bicycle is engineered for convenience and comfort in urban environments. Featuring an integrated rear-wheel motor and a centrally mounted battery, it offers a balanced ride for daily commuting or leisure. The inclusion of a front basket and rear rack enhances its utility for carrying goods, making it a practical choice for professional and personal use.
