

Step-Through Frame Electric Bicycle with Baskets

This electric bicycle has a step-through frame, which allows for easy mounting and dismounting. It is equipped with a front basket and a rear storage compartment for carrying items.

Product Overview

Versatile Step-Through Electric Bicycle

This electric bicycle features a convenient step-through frame design, specifically engineered for easy mounting and dismounting in urban environments. Equipped with both a front basket and a rear storage compartment, it offers ample utility for transporting goods or personal items. The integrated electric motor provides reliable assistance for uphill climbs and long-distance commutes, while the integrated battery pack maintains a clean, streamlined aesthetic.
