

# Step-Through Frame Electric City Bike with Basket and Rack

This electric bike features a step-through frame, making it easy to mount and dismount. It includes a front basket for carrying items and a rear rack for additional storage.

## Product Overview

### Urban Commuter Electric Bike

This electric city bike features a convenient step-through frame designed for effortless mounting and dismounting, making it ideal for daily urban commuting. Equipped with both a front basket and a rear rack, it offers practical storage solutions for groceries or work essentials. The bike provides versatile transportation options, allowing riders to utilize the electric motor or pedal manually as a traditional bicycle.
