

Step-Through Motorcycle with Luggage Rack

This motorcycle has a step-through frame design and a red and silver color scheme. It features telescopic forks, dual shock absorbers, spoked wheels, drum brakes, and a rear luggage rack.

Overview

Versatile Step-Through Utility Motorcycle

This step-through motorcycle is designed for practical utility and ease of use, featuring a convenient step-through frame for effortless mounting and dismounting. Equipped with a sturdy rear luggage rack, it is ideal for light cargo transport or daily commuting needs. The combination of a reliable single-cylinder engine and classic suspension components ensures a stable and comfortable ride in various urban environments.
