Overview

T-12 HURACAN: A New Concept in Scooters

The T-12 HURACAN is a professionally designed scooter that subverts traditional expectations with a strong sports-inspired aesthetic. Available in 125cc, 300cc, and 400cc EEC configurations, it blends aerodynamic design with modern, high-tech features like an intelligent keyless system and a 6.2-inch TFT display. Built for both urban commuting and spirited riding, it ensures rider safety and comfort through advanced suspension, ABS, and heated handle controls.
