

T-Flash Card Reader and Charger with Lanyard

This is a compact T-Flash card reader and charger. It comes with a silver-colored metal connector and a white lanyard.

Product Overview

Compact Multi-Function Connectivity

This versatile T-Flash card reader and charger is designed for efficient data transfer and device power management. Its compact, lightweight form factor makes it an ideal portable solution for professionals who need to manage memory cards and device charging on the go. The included lanyard ensures the device remains easily accessible and secure during daily use.
