Product Overview

High-Performance T-Shape LED Bulb

This premium T-Shape LED bulb utilizes high-quality Samsung LED chips to deliver superior, non-glare illumination. Designed for durability, it features a dust-proof, moisture-proof, and insect-resistant construction, making it an ideal replacement for traditional CFL lamps. The advanced PC cover design ensures high lumen usage, providing even and gentle light distribution across various residential and commercial settings.

Key Features

Samsung LED • Dust-proof • Moisture-proof • Insect-resistant • Non-glare

Model Specifications

Model	Wattage	Flux	Base	Dimensions
L-BL-0520-20W	20W	1800lm	E27/B22	180*119mm
L-BL-0520-30W	30W	2700lm	E27/B22	1100*155mm
L-BL-0520-40W	40W	3600lm	E27/B22	1120*171mm
L-BL-0520-50W	50W	4500lm	E27/B22	1140*192mm
L-BL-0520-60W	60W	5400lm	E27/B22/E40	1160*275mm

Electrical Features

- Voltage: 220-240V / 100-240V
- Power Factor: 0.5 / 0.9
- Dimmable: No
- Color Temperatures: 3000K, 4000K, 6500K
