High-Precision Talking Scale

This advanced digital weighing scale is designed for precise personal health monitoring with an intuitive talking feature that audibly announces your weight in four languages. It features a large, easy-to-read LCD display and a durable 6mm tempered glass platform engineered with a low center of gravity for safety. The scale includes comprehensive health tracking capabilities, such as BMI calculation, and comes equipped with low battery and overload indicators for user convenience.

Technical Specifications

Maximum Capacity

180 kg

Max Weight

Product Dimensions

319 x 319 x 27 mm

LCD Display Size

77 x 93 mm

Power Supply

3 x AAA batteries (included)

Features

Safety Indicators

- Low battery indication (- Lo)
- Overload indication (ol- or Err)
- Low center of gravity platform
- 6mm tempered glass construction

Advanced Metrics

BMI Calculation • Audible Weight Announcement • High-Precision Strain Gauge
