Product Overview

Telescopic Cordless Pole Hedge Trimmer

This telescopic cordless pole hedge trimmer is designed for extended reach and precise maintenance of tall or hard-to-reach hedges and shrubs. Featuring an adjustable rotating cutting head, it allows for versatile horizontal and vertical cutting angles directly from the ground. Its cordless design ensures maximum mobility, while the ergonomic over-molded handle provides comfort during extended use.

Performance Metrics

Cutting Speed

1400 rpm
Rotation Speed

Battery Runtime

30-35 minutes
