

Television Set with Integrated Speakers

This television set comes with integrated speakers. It features a glossy black bezel surrounding the display, complemented by a silver accent along the bottom edge.

Product Overview

Integrated Multimedia Display

This television set offers a classic, professional design tailored for environments requiring integrated audio solutions. Featuring a glossy black bezel with a silver bottom accent, the unit provides a robust aesthetic suited for stable desktop or stand placement. Its wide base and integrated side-mounted speakers ensure a self-contained multimedia experience without the need for additional external audio equipment.
