

Three-Phase Multifunction Energy Meter

This is a three-phase four-wire electronic multi-function energy meter. It measures active and reactive energy and conforms to DL/T 614-1997, GB/T 17882-1399, and GB/T 17883-1999 standards.

Product Overview

Three-Phase Multifunction Energy Meter

This three-phase, four-wire electronic energy meter is engineered for precise monitoring of active and reactive energy consumption. Designed for industrial and commercial applications, it ensures high-accuracy measurement with a class 0.5S rating for active energy. The device complies with multiple national standards, providing reliable performance for complex electrical systems.

Technical Specifications

Voltage Rating	3x220/380V
Current Rating	3x1.5(6)A
Frequency	50 Hz

Measurement Performance

Active Energy Accuracy Class	0.5S
Active Energy Impulse	8000 imp/kWh
Reactive Energy Accuracy Class	2
Reactive Energy Impulse	8000 imp/kvarh

Compliance & Standards

Applicable Standards	DL/T 614-1997, GB/T 17882-1399, GB/T 17883-1999
