Overview

Professional Tile Cutting Solution

This powerful 1250W tile cutting machine is engineered for precision and efficiency in professional tile installations. Featuring a sliding machine head for perfect cuts and a generous cutting capacity of 625mm, it handles ceramic, porcelain, and stone tiles with ease. The integrated water pump system ensures a clean cutting environment and optimal disc cooling, while the foldable design facilitates convenient transport and storage.

Technical Specifications

Motor Power	1250 W
Max Cutting Capacity	625 mm
