

# Tile Cutting Machine

This tile cutting machine is designed for cutting ceramic, porcelain, and mosaic tiles. It features a diamond cutting wheel and a water cooling system to minimize dust and heat.

## Product Overview

### Professional Tile Cutting Solution

The TC180ABC portable wet saw is engineered for high-performance cutting of ceramic, porcelain, and mosaic wall and floor tiles. It utilizes a precision diamond-tipped wheel and a high-torque direct-drive motor to deliver clean, effortless cuts on materials up to 35mm thick. Designed for both durability and mobility, the unit features a lightweight frame with an integrated carrying handle, making it an ideal choice for professional tiling tasks.

## Performance Specifications

Blade Diameter	180 mm
Maximum Cutting Depth	35 mm
Motor System	Triple fan direct drive

## Features & Construction

### Cutting Guides

- Guide fence for straight cuts
- Miter gauge for angled cuts

Key Features	Water Cooling System, Portable, Non-slip Table Surface, Safety Guard
Table Construction	Durable steel
