

Tilt TV Wall Mount for 14-37 inch Screens

This ultra-slim TV wall mount sits just 30mm from the wall. Its lateral shift feature enables sliding the TV from left to right for the perfect viewing angle.

Product Overview

Versatile TV Wall Solution

This ultra-slim, tilting wall mount is engineered for 14 to 37-inch flat screen TVs, offering a secure and space-saving alternative to bulky entertainment stands. With a -10° tilt adjustment, it allows for comfortable viewing from various positions, making it ideal for high-eye-level installations such as above a fireplace. Constructed from high-strength steel, the mount features a safety locking system and a slim 30mm profile to maintain a sleek, modern aesthetic in any living space.
