

Top-Loading Twin-Tub Washing Machine, 8.0 kg Capacity

This top-loading, twin-tub washing machine is designed for efficient and convenient laundry. It features separate tubs for washing and spin-drying, allowing for simultaneous operation.

Product Overview

Efficient Laundry Solution

The XPB80-86S is a high-performance top-loading twin-tub washing machine designed for maximum laundry efficiency. By featuring separate tubs for washing and spin-drying, this model enables simultaneous operation to save time and energy. Its robust construction provides long-lasting durability, while the compact footprint makes it an ideal choice for diverse living environments.
