

# Top Loading Washing Machine

This top loading washing machine is available in capacities from 5kg to 11kg. It features a transparent lid and digital controls.

## Overview

### Efficiency Meets Compact Design

This top-loading washing machine is designed for seamless integration into compact laundry spaces without compromising on functionality. It features an intuitive digital control panel that allows for precise customization of wash programs, water levels, and start delay settings. Built with durability and user convenience in mind, the unit includes a transparent lid for easy cycle monitoring and a robust child lock feature for enhanced safety.
