

Top-Loading Washing Machine

This top-loading washing machine is designed for efficient laundry care. Its compact design is suitable for smaller spaces, while still offering a spacious drum capacity and multiple wash cycles.

Product Overview

Professional Laundry Solution

This top-loading washing machine is engineered for high-efficiency laundry care in professional environments. It features a robust construction designed for durability and a user-friendly control panel that simplifies operation. With multiple integrated wash cycles, it effectively accommodates diverse fabric types and varying soil levels while maintaining energy-efficient performance to minimize utility expenditures.

Technical Specifications

Drum Capacity

5.5 kg

Rated Capacity

Key Design Attributes

Top-Loading, Compact Design, Energy Efficient, User-Friendly Controls
