

Touch-Free Stainless Steel Trash Can

This touch-free trash can offers hygienic waste disposal with its hands-free operation. It features a carbon steel body with a spray-painted finish and an ABS lid.

ADDITIONAL IMAGES

Overview

Sleek stainless steel design suitable for professional environments.

Smart Waste Management

This touch-free smart trash can offers a hygienic and convenient waste disposal solution for modern environments. Featuring a durable carbon steel body and a responsive ABS lid, it utilizes infrared sensor technology to automatically open when motion is detected, preventing the spread of germs. Designed for efficiency, it is suitable for kitchens, bathrooms, and office spaces, providing a clean and hands-free experience.
