

Trapezoidal Vacuum Cleaner Bag with Cardboard Collar

This is a trapezoidal vacuum cleaner bag designed for use with compatible vacuum cleaners. It features a cardboard mounting collar with a central circular opening for secure attachment.

Product Overview

High-Efficiency Vacuum Filtration

This trapezoidal vacuum cleaner bag is designed for reliable dust containment and optimal airflow during operation. Engineered with a durable cardboard collar, it ensures a secure fit within the vacuum housing to prevent leaks. The high-quality fibrous material effectively captures household debris, making it an essential component for maintaining cleaning performance.

Technical Specifications

Bag Shape	Trapezoidal
