

# Triplex Mud Pump Replacement Parts

These triplex mud pump parts are made of premium materials. The components are exchangeable with OEM products and meet or exceed API-7K standards.

## Product Overview

### Precision-Engineered Mud Pump Parts

These triplex mud pump replacement parts are designed for high-performance industrial drilling applications. Each component is engineered to be fully exchangeable with industry-standard original equipment and is manufactured to meet or exceed stringent API-7K standards. Built for durability in demanding oilfield environments, these parts provide reliable service life and seamless compatibility with a wide range of global pump models.

## Standards & Compliance

### Certifications & Standards

API-7K

## Compatibility

### Supported Pump Makes

- National
- Emsco
- Ideco
- Gardner Denver
- Oilwell

### Detailed Model Compatibility

Manufacturer	Compatible Models
National	7P-50, 8P-80, 9P-100, 10P-130, 12P-160, 14P-220
Emsco	F-350/500/650/800/1000, FB-1300/1600
Ideco	T-500/800/1000/1300/1600
Gardner Denver	PAH, PZ-7/8/9/10/11
Oilwell	A-850-PT, A-1100-PT, A-1400-PT, A-1700-PT
