

Twin Tub Washing Machine, 6.5 kg Capacity

This compact twin tub washing machine is designed for efficient laundry. It features separate tubs for washing and spin-drying, allowing for simultaneous operation.

Product Overview

Compact Efficient Laundry Solution

This twin tub washing machine is designed for efficiency and convenience, featuring separate dedicated tubs for washing and spin-drying. Its simultaneous operation capability allows for faster laundry cycles, while the compact footprint makes it an ideal fit for apartments and small living spaces. Engineered for durability, this unit provides reliable performance while maintaining energy efficiency to help reduce operational costs.

Technical Specifications

Washing Capacity	6.5 kg
Control Method	Manual rotary knobs
Model Number	XPB65-674S

Features

Core Advantages

- Dual-tub design for simultaneous washing and spinning
- Compact space-saving construction
- Energy-efficient operation
- Manual adjustment for wash and spin timers
