

Two-Slice Stainless Steel Toaster with Browning Control

This two-slice toaster is constructed with stainless steel and includes multiple browning settings. It also features defrost, reheat, and cancel functions for versatile toasting options.

Product Overview

Professional Two-Slice Toaster

This premium two-slice toaster is engineered with a brushed stainless steel finish and durable black accents, ensuring a sleek aesthetic for any kitchen environment. Featuring precision browning control, it offers versatility for various bread types while providing dedicated defrost, reheat, and cancel functions. Designed with high-lift levers and extra-wide slots, this unit simplifies the toasting process while ensuring safety and ease of maintenance with its removable crumb tray.
