

Ultrasonic Cool Mist Humidifier

This ultrasonic humidifier increases humidity with a 3.3L water tank and automatic oil holder. It uses ultrasonic technology to create a fine mist for quiet operation.

Product Overview

Ultrasonic Cool Mist Humidifier

This compact ultrasonic humidifier is engineered to provide efficient moisture distribution in small to medium-sized rooms such as bedrooms, offices, and nurseries. Utilizing advanced ultrasonic technology, it produces a fine, quiet mist to improve air quality and comfort. The user-friendly design includes an intuitive rotary control knob, a clear water level indicator, and a refill light, ensuring effortless operation for up to 8 hours.
