

Underbone Motorcycle with Luggage Rack

This is an underbone motorcycle, also known as a cub bike. It features a step-through frame and a rear luggage rack.

Overview

Reliable Utility Underbone Motorcycle

This underbone motorcycle is designed for versatile utility and daily transport, featuring a durable step-through frame that ensures easy mounting and dismounting. Equipped with a practical rear luggage rack, it is well-suited for light cargo delivery or personal commuting. The efficient 110cc-class engine provides reliable performance for urban and suburban environments.
