

# Urban Commuter Scooter with Step-Through Frame

This scooter is designed for urban commuting, featuring a step-through frame. It includes essential components such as a headlight, rearview mirrors, and protective front guards.

## Product Overview

### Urban Commuter Scooter

This urban commuter scooter is engineered for efficient city travel, featuring a convenient step-through frame design that ensures ease of mounting and dismounting. Equipped with essential safety features including a bright headlight, rearview mirrors, and highly visible orange turn signals, it is built for reliable daily use. The inclusion of a front fender and a protective chrome-like guard adds both durability and style to this practical transportation solution.
