

USB 2.0 A to A Cable

USB 2.0 AM/ USB 2.0 AF cable is designed for reliable data transfer and power delivery. It is suitable for various electronic devices requiring USB connectivity.

Product Overview

Reliable USB 2.0 Connectivity

This USB 2.0 A to A transfer cable is engineered for consistent data exchange and efficient power delivery between electronic devices. Featuring high-quality construction with options for gold or nickel plating, it ensures durability and optimal signal integrity. It is an essential connectivity solution for a wide range of professional electronic equipment.

Technical Specifications

Connector Configuration	USB 2.0 AM to USB 2.0 AF
Connector Plating	Gold Plated, Nickel Plated
Model Identifier	CK9531
