

Vacuum Cleaner Dust Bag

This vacuum cleaner dust bag ensures efficient dust collection and filtration. It is constructed from durable paper and features a cardboard mounting collar for secure attachment to vacuum cleaner models.

Product Overview

High-Efficiency Filtration

This vacuum cleaner dust bag is engineered for efficient dust collection and reliable filtration performance. Constructed from durable paper material, it is specifically designed to capture fine particles and household debris. The integrated cardboard mounting collar ensures a secure and airtight fit for consistent vacuuming results.

Construction & Materials

Body Material	Paper
Mounting Mechanism	Cardboard collar with central opening

Performance

Efficiency	High-Efficiency
Filtration Targets	Fine dust, Debris, Particles
