Product Overview

Modern Vertical Heating Solution

This vertical panel radiator combines a sleek, minimalist aesthetic with high-efficiency performance, making it an ideal choice for modern bathrooms and living spaces. Constructed from durable mild steel, it features a robust welding design for superior structural integrity and sealing. The unit is compatible with both central hydronic and electric heating systems, ensuring versatility for various installation requirements.

Technical Specifications

Compliance Standards

EN442 • ISO 9000 • ISO 14001 • SA8000

Material

Mild Steel (SPCC / Q195)

Finishing Options

Chrome Plating (Cr 6+ / 3+), Powder Coating (Customized Colors)
