## ADDITIONAL IMAGES

## Product Overview

### Professional Vertical Towel Warmer

This vertical radiator towel warmer is designed for contemporary bathroom environments, combining efficient heat distribution with a sleek, space-saving aesthetic. Constructed from high-quality mild steel, it supports both central hydronic and electric heating systems, ensuring versatility for various installation requirements. The unit is built to comply with EN442 standards, featuring a specialized welding patent for enhanced structural integrity and superior sealing.

## Technical Specifications

### Finishing Options

Chrome Plating (Cr 6+/3+) • Powder Coating (Customized Color)

<b>Material</b>	Mild Steel (SPCC / Q195)
<b>Heating Compatibility</b>	Central Hydronic, Electric Heating
<b>Certifications</b>	EN442, ISO 9000, ISO 14001, SA8000

## Performance Data

### Model Performance Table

Model	Length (mm)	Width (mm)	Tubes (pcs)	Chrome (BTU)	White (BTU)
