

Waigaoqiao Bonded Logistics Park Warehouse

Warehouse services are offered within the Waigaoqiao Bonded Logistics Park. This facility supports storage and distribution operations for a variety of goods.

Facility Overview

Premium Logistics Infrastructure

The Waigaoqiao Bonded Logistics Park warehouse offers strategic storage and distribution capabilities in one of Shanghai's most critical international trade hubs. This facility is engineered to support efficient cross-border logistics and supply chain operations. With its location within a bonded zone, it provides significant advantages for duty deferment, export consolidation, and streamlined import processing for professional B2B enterprises.

Logistics Zone

Waigaoqiao, Bonded Logistics Park, FTZ, Shanghai
