

Wall Mounted Bathroom Heater with Dual Infrared Lamps

This wall-mounted heater is equipped with two infrared lamps for efficient heating. It is designed for bathrooms and similar environments, providing localized warmth with independent switches for each lamp.

Overview

Efficient Bathroom Heating Solution

This wall-mounted bathroom heater is designed to provide rapid, localized warmth, making it an ideal addition to bathrooms or similar indoor spaces. Featuring dual infrared lamps with a combined power output, it ensures efficient heating for areas ranging from 10 to 20 square meters. The compact, wall-mounted design helps save valuable floor space while delivering directed heat.
