

Wall-Mounted Exhaust Fan

This exhaust fan is designed for wall or window mounting to remove stale air and odors. The unit features a white plastic frame, a five-blade propeller, and is electrically powered for household or commercial use.

Overview

Efficient Ventilation Solution

This wall-mounted exhaust fan is engineered to provide effective air circulation and ventilation for both residential and commercial environments. Featuring a durable white plastic frame and a high-efficiency five-blade propeller, it is specifically designed to remove stale air, moisture, and unwanted odors. Its versatile design allows for easy installation on walls or windows, making it a reliable choice for maintaining indoor air quality.
