

Wall-Mounted Split Air Conditioner with Remote Control

This wall-mounted air conditioner provides cooling and air circulation for residential or commercial spaces. It features remote control operation and an intelligent defrosting system.

Overview

High-Efficiency Climate Control

This wall-mounted split air conditioner combines luxury fashion design with advanced climate control technology. Featuring an intelligent defrosting system and a low-noise operational design, it ensures comfort and reliability for both residential and commercial environments. The unit includes a convenient remote control and utilizes a folding type evaporator for optimized performance.
