

Wall-Mounted Ventilation Exhaust Fan

This wall-mounted exhaust fan is designed for ventilation. It features a square housing with louvers and a cylindrical duct for connecting to ventilation systems.

Product Overview

Professional Ventilation Solution

This wall-mounted exhaust fan is engineered to provide efficient air extraction in residential and commercial environments, such as bathrooms and kitchens. Featuring a robust square housing with integrated horizontal louvers, it ensures effective airflow while preventing debris from entering the system. The durable plastic construction offers long-lasting reliability, making it an ideal choice for maintaining air quality and managing moisture levels.

Physical Characteristics

Housing Shape	Square
Material	Durable Plastic
Design Features	Wall-mounted, Horizontal louvers, Cylindrical duct

Application

Common Applications

- Bathrooms
- Kitchens
- General ventilation

Key Benefits

Moisture Control • Odor Removal • Pollutant Extraction
