

# Wall-Mounted Ventilation Fan

This wall-mounted exhaust fan is designed for ventilation. It removes stale air, odors, and moisture from indoor environments.

## Product Overview

### Professional Ventilation Solution

This wall-mounted ventilation fan is engineered for effective air circulation in both residential and commercial environments. Designed with a durable, high-quality plastic housing, it ensures longevity and reliable operation. The integrated louvered front grill provides precise airflow control while offering protection against external elements, making it an ideal choice for removing stale air, odors, and excess moisture.

## Technical Specifications

Power Source	Standard AC Power
Mounting Style	Wall-mounted

## Features & Benefits

### Key Features

- Louvered front grill for airflow control
- Durable plastic housing construction
- Easy installation and maintenance design
- Effective moisture and odor removal

Applications	Household, Commercial, Ventilation
