

Wall-Mounted Ventilation Fan

This wall-mounted fan is designed for ventilation purposes. It features multiple blades to efficiently extract air.

Product Overview

Efficient Air Extraction

This wall-mounted ventilation fan is engineered for effective air circulation and extraction in residential and commercial spaces. Featuring a robust square frame design with a circular housing, it is optimized for high-performance airflow. The unit includes a convenient pull cord mechanism, making it an ideal choice for bathrooms, kitchens, and other environments where reliable ventilation is essential.

Technical Specifications

Design Features

- Square frame housing
- Circular fan blade configuration
- High-efficiency extraction blades

Installation

Wall-mounted

Ideal Applications

Bathroom, Kitchen, Residential, Commercial

Operation

Pull cord
