

Wall-Mounted Ventilation Fan

This wall-mounted fan is designed for ventilation purposes. It is suitable for removing stale air, odors, and moisture from enclosed spaces, improving air quality and preventing mold growth.

Product Overview

High-Efficiency Ventilation Solution

This wall-mounted exhaust fan is designed to provide reliable air circulation and ventilation for indoor environments such as bathrooms and kitchens. Featuring a durable, square-shaped white plastic housing with integrated horizontal louvers, it efficiently removes stale air, odors, and excess moisture. Its compact design ensures easy installation on walls or ceilings, helping to improve indoor air quality and prevent mold growth.

Design & Construction

Housing Material	Plastic
Shape	Square
Installation Compatibility	Wall-mounted, Ceiling-mounted

Performance

Primary Applications

- Bathroom ventilation
- Kitchen exhaust
- General indoor air extraction

Key Benefits

Moisture Control • Odor Removal • Mold Prevention • Air Quality Improvement
