

Waterproof Circular DIN Connector Cable

This waterproof circular DIN connector cable is designed for reliable connections in demanding environments. It features a robust construction and a watertight seal for optimal performance and protection against moisture and dust.

Product Overview

Rugged Connectivity Solutions

This circular DIN connector cable is engineered for high-performance reliability in challenging industrial and outdoor environments. Designed with a robust, watertight seal, it provides excellent protection against moisture and dust ingress. Its stable connection profile makes it an ideal choice for diverse professional applications requiring long-lasting, wear-resistant connectivity.

Technical Features

Ingress Protection

IP68 Waterproof

Connector Type

Circular DIN
