Overview

Professional Wet Tool Sharpener

This high-precision wet tool sharpener is engineered to provide consistent and accurate results for a variety of edged implements. By utilizing a slow-speed grinding wheel submerged in a water bath, it effectively prevents metal overheating to maintain the structural integrity and temper of your tools. It is an ideal solution for professionals requiring precise sharpening of knives, chisels, and plane blades.

Technical Specifications

Nominal Power (S1)	125 W
No-Load Speed	107 RPM
Voltage/Frequency	220-240V, 50Hz
Gross Weight	8.4 kg

Components

Grinding Wheel Dimensions

- Diameter: 200mm
- Width: 40mm
- Bore: 12.7mm
- Grit: 220

Leather Stropping Wheel Dimensions

- Diameter: 180mm
- Width: 30mm
- Bore: 12.7mm

Features

Capabilities

Water-cooled system, Adjustable tool rest, Overheating prevention, Precision grinding
