

White Utility Electric Tricycle with Cargo Bed

This is a white, three-wheeled vehicle with an enclosed cab. It includes a cargo bed in the rear, designed for light-duty transportation.

Product Overview

Versatile Utility Solution

This white electric tricycle offers a practical and efficient solution for light-duty transportation needs. Designed with a convenient rear cargo bed and an enclosed cab for operator comfort, it is ideal for facility maintenance or small-scale goods delivery. Its compact three-wheel configuration ensures maneuverability while providing the stability required for daily utility tasks.
