

# Wireless Optical Mouse

This is a wireless optical mouse with a USB receiver. It features an ergonomic design for comfortable use and precise tracking on various surfaces.

## Product Overview

### Ergonomic Performance

This wireless optical mouse is designed to provide reliable performance and comfort for professional office environments. Featuring a contoured ergonomic shape, it minimizes wrist strain during extended use while ensuring precise tracking across a wide variety of surfaces. The included compact USB receiver allows for seamless, plug-and-play connectivity, making it an ideal choice for mobile professionals and desktop setups alike.

## Technical Specifications
