

0.5L Electric Kettle with Auto Shut-Off

This electric kettle has a 0.5L capacity and a split-type base with a band filter. It includes a heating lamp and automatic overheat disconnect protection, ensuring the water is automatically disconnected.

Product Overview

Compact and Efficient Boiling

This 0.5L electric kettle is designed for efficiency and convenience, making it an ideal choice for compact spaces. Featuring a split-type base with a built-in filter, it ensures clean, easy pouring every time. Safety is prioritized with automatic overheat protection and an integrated heating lamp for status monitoring.
