

0.6L Grind and Brew Coffee Maker

This 0.6L grind and brew coffee maker features an integrated grinder. It offers adjustable grind settings and brew strength control.

Product Overview

Compact Grind & Brew Experience

This 0.6L coffee maker offers a seamless experience for coffee enthusiasts by combining grinding and brewing in one compact unit. Designed for versatility, it accommodates both coffee beans and coffee powder, ensuring you can enjoy fresh coffee exactly how you like it. With user-friendly features like one-button control and an anti-drip function, this machine is an ideal solution for small kitchens or office spaces where efficiency and flavor are priorities.
