

0.6L Grind and Brew Coffee Maker

This 0.6L grind and brew coffee maker is designed for coffee lovers who appreciate freshly ground beans. It features an integrated grinder that automatically grinds whole beans just before brewing, ensuring maximum flavor and aroma.

Overview

Compact 0.6L Grind and Brew Coffee Solution

This versatile coffee maker offers the ultimate convenience by supporting both whole coffee beans and pre-ground powder. Designed with a sleek, minimalist aesthetic, it features an integrated grinder with noise-reduction technology for a quieter morning routine. The intuitive touch control panel and adjustable strength settings allow professional buyers to offer a customizable brewing experience in a compact footprint.
