

# 0.75kW Single-Phase Explosion-Proof Electric Motor

This 0.75kW single-phase explosion-proof electric motor is designed for use in hazardous environments. The motor features robust construction and meets explosion-proof standards.

## ADDITIONAL IMAGES

## Product Overview

### Industrial Explosion-Proof Reliability

This 0.75kW single-phase explosion-proof electric motor is engineered for safe and reliable operation in hazardous environments where flammable gases or dust may be present. Featuring a robust, heavy-duty construction and 100% copper wiring, it ensures high efficiency and durability for demanding industrial applications. The motor comes pre-configured with a sturdy mounting base and is fully certified to meet stringent international safety standards.

## Technical Specifications

### Performance Ratings

**0.75 kW**  
Power Rating

### Available Series

Model	Power Output
YB8024	0.75
YB8034	0.9
YLB90L1-4	0.55
YLB90L2-4	0.75
YLB90L3-4	0.9

## Compliance and Quality

International Standards	CCC, CE, ISO 9001:2015, GB/T19001-2006
Construction Materials	100% Copper wire construction

## Logistics

### Supported Shipping

- Express delivery
- International shipping
