

# 0.8kW Portable Gas Generator with AVR

This 0.8kW gas generator provides a portable power solution for various applications. It features an automatic voltage regulator (AVR) to ensure a stable 230V AC output.

## Overview

### Reliable Portable Power

This 0.8kW portable gas generator is engineered to provide dependable power for a variety of professional and recreational applications. Featuring a robust protective frame for enhanced durability and ease of transport, it is an ideal solution for emergency backup, outdoor operations, and small job sites. The integrated Automatic Voltage Regulator (AVR) ensures consistent and stable AC 230V output, protecting your sensitive equipment.

## Technical Specifications

### Rated Power Output

**0.8 kW**

Power Output

Model Number	PDF0.8G FAG
AC Output Voltage	230V

## Features

### Key Features

- Automatic Voltage Regulator (AVR) for stable output
- Robust protective frame design
- Portable and easy to transport
- Integrated control panel with voltmeter
- Standard AC power outlets

## Compliance

Certifications	CSA
